

Animals in Science - Education Trust

Who are we ...

AS-ET is a charity with the objective of advancing education and promoting excellence in the care and welfare of animals used in science.

What we do ...

We grant bursaries to help pay the fees of education and training courses connected with our objective.

Can we help you?

If you want to enrol on a course but need help with the fee you can apply to AS-ET. The only requirements are that your job is concerned with the care and welfare of animals used in science and the course is related to your job.

Want to make an application?

Application forms and further details about AS-ET can be found on our website – www.as-et.org.uk

Can you help us?

Like all charities we need to raise money. If you support our objective, will you help us or do you know anyone who can? To make a donation please visit our website at www.as-et.org.uk.

To continue to make a difference we need your support, we can't do our work without it!
